INTRODUCTION:

A coffee shop is a wonderful website that combines socializing with enjoying delicious coffee beverages. It is considered a favorite spot for many people to relax, meet friends, or work on personal or professional projects. The coffee shop provides a cozy and welcoming atmosphere, offering a diverse range of beverages including various types of coffee, tea, and cold drinks, along with a selection of light meals such as pastries and sandwiches. The coffee shop is also seen as a space for cultural and artistic gatherings, where events like poetry readings or music performances can be organized. Overall, the coffee shop is considered an ideal place to enjoy a unique and enjoyable experience that blends relaxation, social interaction, and high-quality coffee tasting.

The languages used in this project:

- HTML
- CSS
- <u>JS</u>

OBJECT OF PROJECT:

Building a website for a coffee shop and applying all the concepts covered and studied in the course
